NoSQL Now! Is an educational conference that explains the diversity of NoSQL technologies, how these technologies address various business needs, and offers an objective evaluation processes to match the right NoSQL solutions with the right business challenge.

"NoSQL Now! is for every enterprise that needs to find better, faster and cheaper solutions to managing its fast growing databases." according to conference Co-Chair, Tony Shaw of DATAVERSITY. "The educational program accommodates all levels of technical understanding, from novice through expert, with special emphasis on the needs of enterprise IT and big data applications." This year's featured speakers will include: From Scaling by Architecture to Scaling by Commandment: A Journey to Amazon DynamoDB, Jinesh Varia, Technology Evangelist, Amazon Web Services Data and Content Management for the London Olympics, John O'Donovan, Director, Technical Architecture and Development, The Press Association Limited Putting NoSQL in its Place - in the Enterprise, William McKnight, President, McKnight Consulting Group NoSQL Data Modeling for eCommerce, Dipali Trivedi, Platform Architect, Staples.com NoSQL Smackdown 2012, Tim Berglund, Principal, August Technology Group To view the abstracts of these sessions and the full program: <http://nosql2012.dataversity.net/agenda.cfm?confid=70&scheduleDay=PRINT> The venue will also provide opportunities for CTOs, developers and software entrepreneurs to meet and mix with potential customers and investors.

NoSQL Now! is the preferred industry platform for developers to announce product launches and breaking news. Leading vendors will demonstrate dozens of innovations. This year's sponsors include 10gen, Couchbase,

DataStax, and Versant. For more information on sponsorship or opportunities to promote your products and services, please contact Tony Shaw at [tony\(at\)dataversity\(dot\)net](mailto:tony(at)dataversity(dot)net).

To register for the conference, request a press pass, or to view the program schedule visit: <http://nosql2012.dataversity.net/> For press inquiries please contact Gretchen Hydo at [Gretchen\(at\)Chatterboxink\(dot\)com](mailto:Gretchen(at)Chatterboxink(dot)com) or (818) 203-6060.

About NoSQL Now! NoSQL Now! is an educational conference and exhibit focused on the emerging field of NoSQL technologies. NoSQL (Not Only SQL) refers to the new breed of databases that are not based on the traditional relational database model, including document stores, key value stores, columnar databases, XML databases and graph databases. The NoSQL Now! Conference is designed to educate developers, data
