Los Angeles, CA (PRWEB) May 29, 2012

DATAVERSITY announced today the release of its agenda and acceptance of registrations for its NoSQL Now! 2012 Conference, an event

dedicated to covering the dynamic field of NoSQL technologies. The event will take place August 21-23, 2012 in San Jose and is expected to host nearly 1,000 attendees.

NoSQL Now! is an educational conference that explains the diversity of NoSQL technologies, how these technologies address various business needs, and offers an objective evaluation process to match the right NoSQL solutions with the right business challenge.

NoSQL Now! is for every enterprise that needs to find better, faster and cheaper solutions to managing its fast growing databases. According to conference Co-Chair, Tony Shaw of DATAVERSITY. The educational program accommodates all levels of technical understanding, from novice through expert, with special emphasis on the needs of enterprise IT and big data applications.

This year's featured speakers will include:
